The mission will further explore the Egyptian seafood sector and buyer interest through market and processor visits, seafood seminars/demonstration, and more, providing a unique opportunity to expand U.S. seafood exports to this growing market destination.

This Outbound will be held together with a second activity:
Destination Egypt: Ingredient Focused Outbound

Destination Egypt participants will receive:

- Personalized business itinerary with 8+ buyer meetings
- Country Market briefing by U.S. Government Officials
- Market visits and tours of processing/manufacturing facilities
- Business networking opportunities with buyers and suppliers
- Up to six nights of hotel accommodations for one participant
- In-market travel to meetings/events.

All other costs (meals, airfare and other miscellaneous expenses) are the responsibility of the participant.
